

Student or Visitor wireless network setup for MAC OS X

In this document, we will describe the setup for access to the **Student or Visitor** wireless networks.

1. Find the network icon on the Toolbar

2. Click on it and bring down the roll-down menu. Ensure Airport is 'ON'
3. Select '**Student**' or '**Visitor**

4. Open Safari.

The Login box will appear.

Enter your Student ID or Visitor ID and network password.

B00***** / Network Password.

V***** / Network Password.

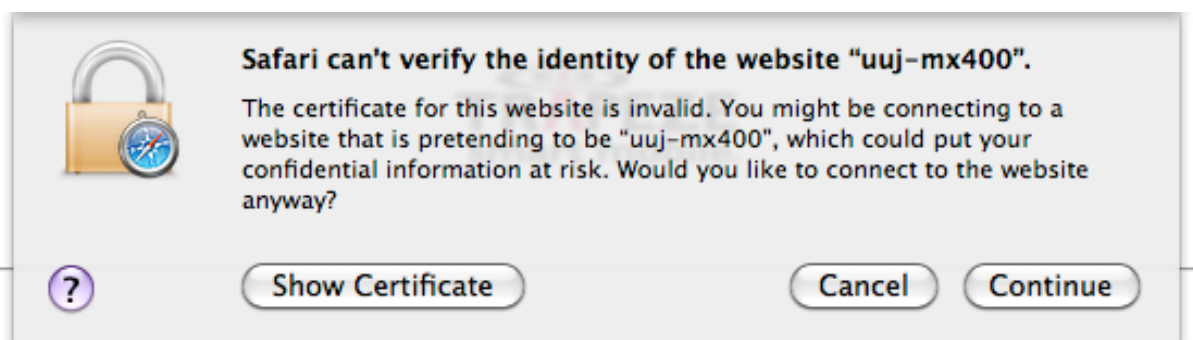

Welcome to WebAAA
