Recommendations for close work

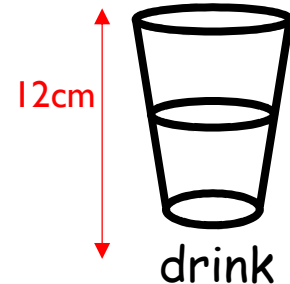

BIG

At least size 26 font on computer
Ensure PECS at least 12cm in size

(for a 30cm working distance)

Size 26 font is visible with this level of vision ✓

Computer font size 12 text too small for a person with this level of vision to read

Bold

Text and pictures should have sufficient line thickness
Use felt-tip* pen at least 1.2mm.

Use **Bold-type** font, **contrasted** from background, e.g. black/white, not pastels.

1.2mm

High contrast font is OK ✓

Use felt-tip pen
Not pencil

Pastel or low contrast is hard to see, even when large

Uncluttered

Text and pictures should be sufficiently spaced out. Avoid crowding.

'Comic sans' is a spaced out font ✓

Double spaced
text helpful

Keep pictures uncluttered

Line thickness should be 1.2mm

*or Chinagraph pencil
