

# Ulster Students' Pathway to Going Global

## FIT Applications

- The Fund for International Travel will support widening access students undertaking a minimum 25 weeks' international experience leading to Diploma in Professional Practice (International).
- Additional funding is allocated from Santander or Erasmus+ for those working in Europe.

## Global Ambassadors

Central professional support for your students in readiness for their role through workshops, webinars and accredited learning such as

- Respecting Cultural Diversity
- Personal and Professional Resilience
- Financial Management
- Advanced Digital Literacies

## Pre-departure Workshops help students to:

- Anticipate critical incidents and potential for learning through critical reflective practice.
- Prepare for the University expectation in relation to academic performance.
- Identify the personal, University and local overseas networks that promote success.

**Check-In** – getting visa and employer documentation checked and any final questions answered.

## Recognising student successes

All returning Global Ambassadors share the experience with the next generation of Global Ambassadors. The digital story captured during the experience will be presented online so other students could learn.

In addition to communication, team working and problem solving, by 'going global' your students gain additional skills to survive the international marketplace such as:

1. A global mindset and knowledge of the world environment
2. Sensitivity to other cultures and business models
3. Advanced communication skills to manage complex interpersonal relationships.

## Exclusive International Networks offered

Being introduced to the network of Ulster Student Global Providers, partners, students and graduates around the world, for example:

- Paid international placement or internship offered exclusively to Ulster undergraduates.
- Connections with recommended Visa contacts on different continents.
- Work within one of the British Council programmes such as IAESTE or Generation UK
- Explore Erasmus+
