01 Mark:
            eh: I don't the answer to
02
            that off the top of my
03
             head. I think- [probably]
04 AOC:
                            [So you ]
05
            don't know if I'll be able
06
             to do that.
07 Mark:
            "I think prob[ably".]
08 AOC:
                         [Um: ]
09
            Eh::°eh:::° do you see a
            potential problem here?
10
            with a complete lack of fact
11
12
            checking <on political
13
            advertiseme:nts>?
14 Mark:
            Well Congresswoman I think lying is bad and I think
            that if you were to run an ad that had a lie that would
15
            be ba:d.

            but then (.) and I have my rotas all printed off but then when
02
            looked at the one up on the board for this week my shifts have
03
            just been myste:riously changed so now I'm working Saturday
04
            night (.) a:gain
05 Natalie: seriously?
06 Laura: mmhmm
07 Katrina: what would they have done about that if you hadn't have looked
80
            at that?
09 Laura: I know (.) I know=
10 Natalie: =so what time is that?
11 Laura: so I have to do (.) three to ten (.) on Saturday
12 Natalie: is that what time it shuts?
13 Laura: mmhmm
14
            (.)
15 Katrina: well that's not too bad at least you don't have to stay in
until
16
            (0.2) [like](.) all hours in the morn[in ]
17 Laura:
                                                 [aye] that's true
