1. INTRODUCTION

Regulations for Degrees, Honours Degrees and Integrated Master's Degrees

(Charter Art. 5(e); Statute II: Ordinance XXIV)

- 1.1. The University confers the following first degree awards on students who have successfully completed approved programmes and who have satisfied the conditions specified in Ordinance XXIV:

Bachelor of Arts BA
Bachelor of Design BDes
Bachelor of Engineering BEng
Bachelor of Laws LLB
Bachelor of Music BMus
Bachelor of Science BSc
Master of Arts MA
Master of Accountancy (MAcc)
Master of Biomedical Science MBMSCI
Master of Chiropractic MChiro
Master of Engineering MEng
Master of Optometry MOptom
Master of Pharmacy MPharm
Master of Science MSci
Master of Veterinary Chiropractic MVetCh

- 1.2. Bachelor's Degrees are programmes at undergraduate level. The Master's Degrees are Integrated Master's comprising undergraduate levels and a final postgraduate level.

There shall be Degrees and Honours Degrees. Honours degrees may be offered in the following subject combinations:

- (a) Single Honours;
- (b) Major/Minor Honours (two-thirds/one-third weighting of two subject(s);
- (c) Joint Honours (equal weighting of two main subject(s);
- (d) Combined Honours (equal weighting of three minor subject(s).

The Integrated Master's Degree is an Honours Degree

- 1.3. The Regulations for Undergraduate and Integrated Master's Programmes are approved by Senate. They supersede all previous Programme Regulations and set out the requirements for Undergraduate and Integrated Master's programmes. This includes:

- Baseline entry qualifications and regulations on the recognition of prior learning.
- Decisions available to Board of Examiners including options in the case of failure and defer/repeat and withdrawal decisions.
- General principles relating to exceptional circumstances, which are detailed in the Extenuating Circumstances Policy.
- Processes for making exit awards in the form of an Associate Bachelor's Degree, Advanced Diploma in Higher Education and Certificate in Higher Education.

2. RELATED POLICIES

These Regulations for Undergraduate and Integrated Master's Programmes should be read in conjunction with:

- University Regulations
- Additional programme regulations contained within the Programme Specifications

In addition, they should be read in conjunction with, but not limited to, the following:

- Recognition of Prior Learning Policy
- Attendance Policy
- Extenuating Circumstances Policy
- Leave of Absence Policy
- Student Academic Misconduct Procedure
- Student Discipline Policy
- Tuition Fee Liability Policy
- University GDPR Policy

The University Ordinances and Statutes are available at:

<https://www.ulster.ac.uk/about/ous/governance-and-policy/ordinance-and-regulations>

3. DEFINITIONS

TERM	DEFINITION
Academic Misconduct	Any action or behaviour that undermines the integrity of academic standards including plagiarism and cheating.
Aegrotat Degree	An academic qualification, without classification, that may be awarded to a student who is unable, and unlikely in the future, to complete their studies due to illness or other extenuating circumstances.
Approved Place of Learning	A recognised institution or facility where academic learning or training is conducted.
Affiliate Student	A registered student of the University who has been formally admitted to an Affiliate College to study franchised programmes developed and approved by the University, or to study an approved programme at an Outcentre outside the UK or Ireland
Approved Placement	A formal arrangement for a student to undertake work experience or practical training in a relevant setting as approved by the University
Approved Programme	An academic course of study that has been officially sanctioned or accredited by the University.
Assessment	The process of evaluating a student's knowledge, skills or progress against their programme learning outcomes.
Associate Student	A student who has been formally admitted to a partner institution as a candidate for an award of the University
At Risk of Withdrawal Process	A process allowing students to make representations as to academic achievement, extenuating circumstances or other relevant factors in light of having failed a module three times or failing more than 100 credits.
Board of Examiners	A Board responsible for overseeing the assessment and examination processes within the University, including: - Programme/Subject Boards of Examiners – Boards responsible for overseeing assessments/progression at specific levels of the programme. - Campus Progress and Award Boards – Campus-based Boards responsible for assessment, progression and awarding of qualifications of for Combined Honours Degree students or for students on Major/Main/Minor Honours programmes. - At Risk of Withdrawal Board – Board responsible for considering representations from students who are at risk of withdrawal and making decisions based upon those representations.
Component	An individual assessment used to make up the element of a module
Condonement	A process by which the University may concede a student's failure to meet certain module or programme level requirements and allow progression.
Deferred Assessment	Deferred assessment is where a student can apply to postpone an assessment or extend submission date of coursework if there are extenuating circumstances. The mark for such assessment would be uncapped.
Degree/Higher Level Apprenticeship	A work-based training programme that leads to an undergraduate or postgraduate degree. Degree/Higher Level apprenticeships are part of the Department for the Economy's Higher Level Apprenticeship scheme.
Element	The general category of assessment used to evaluate the learning outcomes on a module (coursework or examination)

Extenuating Circumstances	Unforeseen or unavoidable situations that significantly impact a student's ability to fulfil academic requirements.
Level	A distinct phase or stage within a programme of study, often, particularly in full-time programmes, corresponding to years of study.
Moderation	The process of reviewing assessments or grades to ensure consistency and fairness across modules and to confirm that appropriate academic standards are met.
Partner Institution	An external organisation or educational institution with which a collaborative arrangement has been established for academic purposes.
Prerequisite	A requirement that a particular module or programme must be satisfactorily completed before enrolment on a further module or programme.
Progression	The advancement of a student from one semester, stage or level of study to another, typically based on academic performance and fulfilment of requirements.
PSRB	Professional, Statutory and Regulatory Bodies – Bodies which may set particular requirements for professional, statutory or regulatory accreditation.
Qualifications	Formal certifications or credentials awarded upon successful completion of a programme of study.
Repeat Assessment	A subsequent attempt at an assessment after an initial failure usually in the next year. This attempt will be capped at the minimum pass mark – 40% for undergraduate; 50% for Level 7
Resit Assessment	A subsequent attempt at an assessment after an initial failure usually in the same year. The attempt will be capped at the minimum pass mark – 40% for undergraduate; 50% for Level 7
Restart Assessment	To commence a level of study again with attendance, with marks being uncapped on the basis of extenuating circumstances.
Student Discipline	Policies, procedures or actions relating to maintaining order and adherence to academic and behavioural standards among students.
Trailed Credits	Modules that form part of a preceding level of study that have not yet been passed. At the discretion of the Board of Examiners, a student may be permitted to progress into the next level of the programme, with a maximum of 40 trailed credits.
Transcript	Official documentation detailing a student's academic record, including programme taken, modules taken, grades earned and qualifications awarded.

4. GENERAL ENTRY REQUIREMENTS

In order to qualify for admission to an approved programme, a student must satisfy the University's General Entrance Requirements and:

- (a) provide evidence of having fulfilled the entry requirements as prescribed by the online prospectus for specific entry requirements to individual programmes; or
- (b) provide evidence of their ability to undertake the programme through the recognition of prior learning. In exceptional circumstances, where an individual has substantial and significant experiential learning, a portfolio of written evidence demonstrating the meeting of graduate qualities (including subject specific outcomes, as determined by the Programme Committee) may be considered as an alternative entrance route.

Evidence used to demonstrate graduate qualities may not be used for exemption against modules within the programme

5. EXEMPTIONS

- 5.1. The relevant Faculty may exempt individual students from part of a programme of study if they have satisfactorily pursued a previous programme of study of an appropriate nature and standard.
- 5.2. The Faculty may exempt candidates provided that they shall register as students for modules amounting to at least the final third of the credit value of the award at the highest level (and at least the final 50% of the credit value of the award at the highest level of the Cert HE, Adv Cert Adv Dip, Grad Cert, Grad Dip). The extent of the credit exempted must be recorded by the Board of Examiners.

6. DURATION OF STUDIES

Full-time Study	Normally, 3 years of study (6 semesters) for a Bachelor's Degree. A full-time student would normally be expected to study 120 credits over a 12-month period. Normally 4 years study (8 semesters) for an Integrated Master's Degree. A full-time student would normally be expected to study 120 credits over a 12-month period.
Full-time with Placement Year	Normally 4 years of study (8 semesters) for a Bachelor's Degree, one year of which spent on placement. A full-time student with a placement year would be expected to complete 120 credits in year 1, year 2, the equivalent to 60 credits during the placement year, then 120 credits in the final year. Normally 5 years study (10 semesters) for an Integrated Master's.
Full-time intercalary	Normally 4 years of study (8 semesters) for a Bachelor's Degree, one year of which spent studying abroad. A full-time student on an intercalary year would normally be expected to complete 120 credits of study in their first year, 120 credits in their second year, the equivalent to 120 credits during the intercalary year, then 120 credits in their final year. Normally, 5 years of study (10 semesters) for an Integrated Master's.
Part-time	Normally, 6 years (12 semesters) for a Bachelor's Degree Part-time students are normally expected to study no more than 45 credits per semester. Some programmes may offer students the scope to increase and decrease the number of credits undertaken provided a maximum 6-year study period is not exceeded. Normally, 8 years of study (16 semesters) for an Integrated Master's.
International Foundation Year/Integrated	Normally, 2 semesters of study for the International Foundation Year/Integrated Foundation Year. Students are normally expected to study 120 credits at Level 3. Successful completion

Foundation Year	normally allows for progression into a linked Undergraduate or Integrated Master's Programme.
-----------------	---

Some professionally regulated programmes have a maximum duration of study specified by the professional body. Where there is a maximum duration period mandated by a PSRB, this will be stated in the Programme Specification.

7. DIPLOMA IN PROFESSIONAL PRACTICE (DPP), DIPLOMA IN PROFESSIONAL PRACTICE INTERNATIONAL (DPPI) AND DIPLOMA IN INTERNATIONAL ACADEMIC STUDIES (DIAS) WORK/STUDY ABROAD PLACEMENT

- 7.1. Ulster University offers home/international work and study placement experience on most undergraduate programmes. The programme specification will detail whether the placement is compulsory or optional, the duration of the placement, and its timing, together with any conditions for exemption where the placement is compulsory.
- 7.2. The placement year is normally 48 weeks in duration. International study is normally 2 semesters
- 7.3. The placement year /international study does not and cannot contribute credits towards the final degree award or its classification.
- 7.4. Where a student undertakes a work placement/international study they will be registered for a Diploma in Professional Practice/ Diploma in Professional Practice (International) / Diploma in International Academic Studies.
- 7.5. Where more than one of these awards is available to students on a programme (DPP, DPPI or DIAS), the Programme Specification will make it clear the criterion for each award. Prior to commencement, it will be agreed with the student which type of placement is being pursued (Work or Study).

8. RULES GOVERNING BOARD OF EXAMINERS DECISIONS

Wherever a Board of Examiners considers that more than one outcome is applicable, it will recommend that outcome which the Board of Examiners believes to be in the best interests of the student and, where relevant, in line with PSRB requirements.

9. RULES GOVERNING STUDENT CHOICE IN RELATION TO OPTIONAL MODULES

- 9.1. The University may revise which optional modules are available for students to select from. Following student selection of optional modules, it may be necessary to withdraw certain optional modules. In circumstances where a module is withdrawn following module selection, students will be required to select an alternative module.
- 9.2. All programmes are subject to change due to continuous review and enhancement procedures.

10. ASSESSMENT

- 10.1. The performance of candidates shall be considered by the Board of Examiners in accordance with the University's regulations and guidelines.
- 10.2. Candidates will be assessed in the modules for which they are enrolled, in each year of study.
- 10.3. Candidates will be assessed according to the approved assessment methods and as outlined in the Curriculum Management System.
- 10.4. The pass mark for undergraduate modules is 40%. The pass mark at Level 7 for Integrated Master's is 50%. Where a module is assessed by both Coursework and Examination elements, students must achieve a minimum of 35% [45% for Level 7] in each, and an overall mark of 40% [50% for Level 7]. Where an element is assessed by a combination of individual components, a minimum mark in each component is not required, unless a PSRB requirement stipulates otherwise.
- 10.5. Where a PSRB mandates that each component of assessment must be passed in a module, this will be verified by the PSRB and it will be declared in the Programme Specification as follows:
 - (a) Modules in which a minimum mark of 40% (level 7 50%) is required in each assessment component [of a specified element(s)].
 - (b) Modules in which 40% (level 7 50%) is required to be achieved in specified assessment component only (with the specific component identified).

11. PROGRESSION

- 11.1. Candidates are required to pass all modules in each year of study in order to proceed to the next. The exception is where a Board of Examiners has granted permission for a student to trail credits into the next academic year. The modules affected will be assessed at the next opportunity where the assessment can be offered. Normally, students will be permitted to trail no more than 40 credits into the next academic year.
- 11.2. Progression from first semester to second semester is automatic.
- 11.3. For programmes that require tripartite agreements with employers, a student's continued eligibility for progression is contingent upon completion of all professional competence requirements and maintaining good standing with their employer. Where evidence is presented indicating that a student has not met these requirements, the Board of Examiners may determine that progression is not permitted.

12. EXTENUATING CIRCUMSTANCES

- 12.1. Candidates who are prevented by illness or other sufficient cause from taking or completing the whole or part of the assessment during the programme, or whose results are substantially affected by illness or other sufficient cause, may, on presentation of appropriate evidence, be permitted to defer the assessment in one or more modules to an approved subsequent date.
- 12.2. The University operates a universal scheme for the submission of extenuating circumstances. There are two processes depending upon whether:
 - (a) The submission of an extenuating circumstances form is a request to submit an assessment after the deadline as specified by the module co-ordinator; or
 - (b) The submission of an extenuating circumstances form is requesting something other than an extension to an assessment deadline.
- 12.3. For extenuating circumstances form requesting an extension as per 12.2(a) they will be processed in line with the Extenuating Circumstances guidance as set out at the time of submission.
- 12.4. For submission of extenuating circumstances other than those outlined in 12.2(a), the following process applies:
 - (a) Claims for extenuating circumstances must be submitted by the student in the required format and in line with published procedures and deadlines.

- (b) Claims for extenuating circumstances will be logged and tracked for monitoring purposes.
- (c) Extenuating Circumstances are considered by a Panel before the Board of Examiners meet. The decisions of the Panel are reported to the Board of Examiners.
- (d) Claims for extenuating circumstances must be supported by dated documentary evidence wherever it is reasonable for such evidence to be available. It is for the Panel to determine what is reasonable.
- (e) Notification of the final outcome of the impact of the extenuating circumstances (how the claim outcome has been applied by the Panel) can only be shared with students after the Board of Examiners when decisions are confirmed.
- (f) Confidentiality within the process will be respected at all times. Only the members of the Panel and, where necessary, the Board of Examiners will be provided with the details.
- (g) Where the Panel deems the extenuating circumstances claim valid, the Panel will normally recommend that the assessment(s) affected can be deferred.
- (h) The Panel reserves the right to provide additional recommendations to the Board of Examiners in exceptional circumstances based upon the extenuating circumstances submitted by the student.

13. DECISIONS OF THE BOARD OF EXAMINERS

The Board of Examiners shall have the discretion to decide whether the student:

- a) following completion of the specified number of credits in the final level, shall be recommended for an award, (**AWARD**).
- b) Following completion of non-award bearing credits or period of study, the student shall be regarded as a successful leaver with no award (**SUCCESSFUL LEAVER – NO AWARD**)
- c) following completion of the specified number of credits at a level other than the final level, shall proceed to the next level of the programme, (**PROCEED**).
- d) following completion of a specified number of credits at a level other than the final level, shall proceed to the next level of the programme, with trailed credits, (**PROCEED WITH TRAILED CREDITS**).
- e) shall be required to take resit assessments with no right to further tuition (**RESIT**).
- f) shall be required to take deferred assessments with or without attendance and, where appropriate, in receipt of such tuition as is specified by the Board (**DEFER WITH/WITHOUT ATTENDANCE**).

- g) shall be required to take repeat assessments with or without attendance and in receipt of such tuition as is specified by the Board, (**REPEAT WITH/WITHOUT ATTENDANCE**).
- h) shall be required to restart the Level with full attendance (where a student's study has been significantly affected by appropriate extenuating circumstances) (**RESTART WITH ATTENDANCE**).
- i) shall be required to withdraw from the programme, (**WITHDRAW**). In circumstances where the decision of the Board of Examiners is to withdraw (or exit with a lower award), the student will be contacted in writing and notified that they are 'AT RISK OF WITHDRAWAL.'
- j) shall be required to withdraw with the award of a Certificate in Higher Education or Associate Bachelor's exit qualification or, in the case of an Integrated Master's Degree, a Bachelor's Degree exit qualification (**AWARD ALTERNATIVE AWARD**).

14. FAILURE OF MODULES

- 14.1. Except in the case of restarted modules, candidates may not be reassessed in any module for which they have already received credit.
- 14.2. It must be made explicit to the student how a failed module is to be reassessed, how the percentage mark for each module is to be determined, and the implications of any further failure.
- 14.3. The Board of Examiners shall record a capped assessment pass mark of 40% (50% for Level 7) on the resit and repeat assessment components or elements that are passed. Restart and deferred assessments are not subject to a cap and the Board of Examiners shall record an uncapped mark.
- 14.4. Before implementing a decision that a student should withdraw from a programme, the Board of Examiners shall provide an opportunity for the student concerned to make representations relating to circumstances which might have affected their performance. This is known as the 'At Risk of Withdrawal Process ('withdraw') and is set out at Regulation 17 below.
- 14.5. A student wishing to request a formal review of the decision of a Board of Examiners may appeal on the grounds set out in the University's Academic Appeals Process. The Academic Appeals Committee may (i) consider appeals on evidence of extenuating circumstances which were not known to the Board at the time of the decision; (ii) consider allegations of procedural irregularity in the conduct or marking of assessments. The decisions of the Board of Examiners in all matters relating to academic judgement shall be final.

- 14.6. Students are permitted to retake resit/repeat/deferred modules at the next available opportunity following a Board of Examiners.
- 14.7. Students are permitted a maximum of three attempts at each module at all levels. Failure to pass a failed module on the third and final attempt (or failure in accrued modules totalling more than 100 credits), will result in the student being notified that they are 'At Risk of Withdrawal'. The process for 'At Risk of Withdrawal' is set out at Regulation 17 below.
- 14.8. Departures from the Regulations for Undergraduate and Integrated Master's Programmes mandated by PSRBs will be listed in the Programme Specification and noted at the Board of Examiners.

15. CONSEQUENCES OF FAILURE

- 15.1. Students will be permitted to trail no more than 40 credits into the next academic year, normally without attendance for the trailed modules. Students are permitted a maximum of two attempts of resit/repeat assessment at each module at all levels.
- 15.2. Students in Year 0 taking the International Foundation Year or Integrated Foundation Year are not permitted to trail credits into Year 1 of their Undergraduate or Integrated Master's Programme.
- 15.3. The consequences of failure shall normally be as follows for all years:

FAILURE OF 0 - 80 CREDITS

A student who fails no more than 80 credits during any year of study will be permitted to resit the appropriate components or elements of modules at the next available opportunity following a Board of Examiners. It may be necessary, in agreement with the programme delivery team, to schedule resit assessments across more than one assessment period, particularly where assessment volume is likely to be an issue.

FAILURE OF > 80-100 CREDITS

A student who fails more than 80 but no more than 100 credits during any year of study will repeat the failed modules, normally with attendance at the next available opportunity following a Board of Examiners.

A student with modules worth more than 80 credits outstanding following any year of study will normally repeat/restart those modules. Boards of Examiners shall consider prior engagement with the modules outstanding in determining whether the repeat/restart is with attendance or not. For the avoidance of doubt, the accumulation of credits outstanding includes situations in which a student has been awarded a deferral relating to the assessment(s) of a module.

FAILURE OF > 100-120 CREDITS

A student who fails more than 100 credits within any year of study will be withdrawn from their studies. Those students will be advised that they are 'At Risk of Withdrawal' and will be considered at a 'At Risk of Withdrawal Board'.

16. CONDONEMENT

- 16.1. Up to a maximum of 40 credits from one Level, but no more than 60 credits in total across all levels may be condoned. When the maximum threshold of 60 credit points have been condoned, no further module condonements shall be permitted.
- 16.2. There must be evidence of satisfactory student performance. Student performance shall be deemed to be satisfactory if the average mark for modules worth 120 credit points for full-time students, or 60 credit points for part-time students, at the respective level of the programme is at least 40% (50% at Level 7). The Board of Examiners will need to balance possible effects of condonement on any assessments yet to be taken within that Level and judge whether the student is able to demonstrate adequate performance from the modules assessed within the Level at the time.
- 16.3. The threshold for condonement shall be 5% below the pass mark for the module. Marks below the threshold may not be condoned. The mark obtained by the students shall be used by the Board of Examiners to calculate the overall level percentage and/or the degree classification. The student's transcript shall show that the module was condoned.
- 16.4. Condonement shall not be applied in respect of any student enrolled on a Degree Apprenticeship or Higher Level Apprenticeship programmes.
- 16.5. Some programmes may not permit condonement in specific modules as a result of PSRB standards, and these will be stated in the Programme Specification, as necessary.

17. AT RISK OF WITHDRAWAL ('AROW')

- 17.1. Students identified as AROW shall be notified in writing of their status and the reasons of such decision. The notification shall include

information regarding the upcoming 'At Risk of Withdrawal' Board of Examiners where their case will be considered.

- 17.2. Students identified as AROW shall be provided with an opportunity to provide written representations to the Board of Examiners regarding their academic performance, extenuating circumstances and other relevant factors not previously known to the Board. Students will have five working days from the notification of the Board of Examiners decision to make their written representations. This is the opportunity for the student to make representations to the Board. Students are encouraged to bring forward relevant independent evidence where appropriate. The student representations should be concise, factual and focused on addressing the concerns raised from the initial notification.
- 17.3. All representations submitted by students considered as AROW shall be treated with confidentiality. The contents of representations shall only be disclosed to members of the Board of Examiners and other relevant University staff involved in the decision-making process.
- 17.4. Should a student fail to make representations, they will be withdrawn (with an exit award if appropriate).
- 17.5. The AROW Board retains the discretion to invite students deemed as AROW to make in-person representations during the Board meeting.
- 17.6. Following representations to the At Risk of Withdrawal Board, a decision will be taken as to whether the student should remain on their programme of study. If the student should remain on their programme of study, the At Risk of Withdrawal Board will determine which modules should be retaken, whether they are deferred, resit or repeated. The Board may also advise that the student be encouraged to apply for a future Leave of Absence and rejoin their programme of study afterwards.
- 17.7. Following the At Risk of Withdrawal Board of Examiners meeting, students at risk of withdrawal shall be notified in writing of the decision reached and the reasons for such decision.
- 17.8. If the decision results in withdrawal, the notification shall include information on the appeals process available to the student. The normal rights of appeal apply to the decisions of the At Risk of Withdrawal Board of Examiners, with seven working days allowed for such appeal after the notification of decision from the At Risk of Withdrawal Board of Examiners.

18. PROGRESSION ONTO DPP/DPPI/DIAS

Students will be permitted to trail no more than 40 credits into the DPP/DIAS/DPPI placement without attendance.

19. CONSEQUENCES OF FAILURE ON THE DPP/DPPI/DIAS

- 19.1. In circumstances where a student fails the DPP/DIAS/DPPI assessment they will be permitted to resubmit on two further occasions. The resubmitted work will be capped at 40%. Where there are extenuating circumstances submitted and accepted by a Board of Examiners an uncapped attempt will be permitted.
- 19.2. Should a student fail on their third and final attempt, they will be notified that they are at risk of withdrawal from the DPP/DIAS/DPPI stage of the programme. If the DPP/DIAS/DPPI is a compulsory stage of the programme, the student will be deemed to be at risk of withdrawal from their overall programme.
- 19.3. Students will be permitted to progress into the next academic year of the degree if the DPP/DIAS is an optional stage of the degree.
- 19.4. The Programme Specification will provide detail of the requirements for progression of students in those programmes where the DPP/DIAS is a compulsory section of the degree and where the DPP/DIAS must be passed before progression. Normally, failure of the DPP/DIAS in these programmes would result in a lower exit award where applicable.

20. CLASSIFICATION OF DEGREES

- 20.1. The overall degree classification for successful Bachelor's Degree candidates shall normally be based on the assessment results from all Level 5 and Level 6 modules. Normally, Level 5 modules will contribute 30% and Level 6 modules will contribute 70%. The weighting of each module's contribution to the overall mark shall be determined by the module's credit value.
- 20.2. For Integrated Master's degree candidates, Level 5 modules shall contribute 20%, Level 6 modules shall contribute 30% and Level 7 modules shall contribute 50%.
- 20.3. For students who are admitted with advanced standing, only Level 5 and 6 modules studied at the University shall be included in the final Honours degree result. For level 5 modules to be included in the final Honours degree result, a minimum of 60 credits at that level must have been achieved.
- 20.4. Departures from the Regulations for Undergraduate and Integrated Master's Programmes mandated by PSRBs relating to classification of

degrees will be listed in the Programme Specification and noted at the Board of Examiners.

21. CLASSIFICATION OF FINAL RESULT (Undergraduate and Integrated Masters Degree)

21.1. The following percentages shall be used to determine candidates' overall Award Classification (subject to 20.2 above and those deemed eligible for promotion):

Class I	At least 70%
Class II (division i) (Ili)	At least 60% and less than 70%
Class II (division ii) (Ilii)	At least 50% and less than 60%
Class III	At least 40% and less than 50%

21.2. All marks made available to students during the academic year are provisional until ratified by the relevant Board of Examiners. It should be made clear to students when releasing marks during the academic year that they are provisional and subject to ratification by the Board of Examiners.

22. ELIGIBILITY FOR PROMOTION TO THE NEXT CLASSIFICATION BAND (Bachelor's Degree and Integrated Masters Degree)

22.1. Where the overall marks of candidates are 0.5% or less below a degree classification boundary, the marks will be rounded up automatically to the higher classification.

22.2. Candidates who are 2.5% or less below a degree classification boundary and have 50% or more of the credits at their highest level that are in the higher degree classification boundary will be eligible for consideration of promotion to the higher classification.

23. AWARD OF DPP/DIAS/DPPI

23.1. To be eligible for the award of Diploma in Professional Practice or Diploma in International Academic Studies or Diploma in Professional Practice (International), candidates must have achieved an overall mark of at least 40% in the assessment. Where a candidate has completed the DPP, DIAS or DPPI successfully, this is awarded alongside their degree or relevant exit award.

23.2. The results of candidates shall be graded by order of merit as: Pass with Distinction, Pass with Commendation, and Pass. The following shall be the minimum percentages used in determining the overall gradings of candidates:

Pass with Distinction	70%
Pass with Commendation	60%
Pass	40%

24. EXIT AWARDS RELATING TO THE CREDIT FRAMEWORK

- 24.1. A student that has gained the requisite number of credits but who is unable, due to whatever reason, to complete their programme of study shall be considered for the award of Certificate of Higher Education or Associate Bachelor's Degree.
- 24.2. **Certificate of Higher Education:** In order to be eligible for a Certificate of Higher Education a student must have at least 120 credits with 90 credits or more at Level 4. The exit award will normally be programme-specific, however if this is not possible, a generic University exit award will be issued.
- 24.3. **Associate Bachelor's Degree:** In order to be eligible for an Associate Bachelor's Degree a student must have at least 240 credits with 90 credits or more at Level 5. The exit award will normally be programme-specific, however if this is not possible, a generic University exit award will be issued.
- 24.4. Classification of the Certificate of Higher Education and Associate Bachelor's Degree
- | | |
|------------------------|-----|
| Pass with Distinction | 70% |
| Pass with Commendation | 60% |
| Pass | 40% |

25. CLASSIFICATION OF EXIT AWARDS

- 25.1. Provided that candidates have not been exempted from modules amounting to 120 credit points at Level 6, candidates who do not satisfy the requirements for the award of the Integrated Master's Degree and have passed the requisite modules at Level 6 shall be assessed for the award of a Bachelor's degree with Honours.
- 25.2. Provided that they have not been exempted from modules amounting to more than 160 credit points, candidates who do not satisfy the requirements for the award of the Master's Degree or a Bachelor's Degree with Honours and have passed the requisite modules at Level 5 shall be assessed for the award of an Associate Bachelor's Degree.
- 25.3. Provided that they have not been exempted from modules amounting to more than 60 credit points at Level 4, candidates who do not satisfy the

requirements for the award of the Master's Degree or a Bachelor's Degree with Honours or an Associate Bachelor's Degree and have passed the requisite modules at Level 4 shall be assessed for the award of a Certificate of Higher Education.

- 25.4. The assessment results from all modules at Level 6 shall contribute 70% to the overall grading of Bachelor's Degree with Honours and all modules at Level 5 shall contribute 30%; all modules at Level 5 shall determine the overall grading of the Associate Bachelor's Degree, and all modules at Level 4 shall determine the overall grading of the Certificate of Higher Education. The weighting of each module's contribution to the overall result shall be determined by the module's credit value.
- 25.5. The following shall be the minimum overall percentages used to determine the final gradings of candidates.

Bachelor's Degree with Honours

<i>Class I</i>	<i>At least 70%</i>
<i>Class II (division i) (Ili)</i>	<i>At least 60% and less than 70%</i>
<i>Class II (division ii) (Ilii)</i>	<i>At least 50% and less than 60%</i>
<i>Class III</i>	<i>At least 40% and less than 50%</i>

Associate Bachelor's Degree

<i>Pass with Distinction</i>	<i>70%</i>
<i>Pass with Commendation</i>	<i>60%</i>
<i>Pass</i>	<i>40%</i>

Certificate of Higher Education

<i>Pass with Distinction</i>	<i>70%</i>
<i>Pass with Commendation</i>	<i>60%</i>
<i>Pass</i>	<i>40%</i>

The provision for promotion to the next band, as outlined in section 22, will be applied for exit awards.

26. RE-ENROLMENT

A student who has been required to withdraw from a programme because of academic failure may be permitted to re-apply to that programme, subject to agreement by the appropriate Faculty, subject to the exemptions outlined in section 5.

27. TRANSFER BETWEEN PROGRAMMES

- 27.1. Students seeking to transfer programme must first obtain permission, in writing using the appropriate form, from the Programme Director of the intended programme.

- 27.2. Students must inform their current Programme Director of the intended transfer of programme, although there shall be no requirement for approval from the current department.
- 27.3. Before permission to transfer is given, both the student and the Programme Director responsible for the programme to which they seek to transfer shall give due consideration to the student's ability to meet the admission criteria for the programme and/or requirements of that programme.
- 27.4. The effective transfer date shall be the later of:
- i. the date on which Student Operations receives formal notification of transfer from the student.
 - ii. the date indicated on the transfer form.
- 27.5. Students wishing to transfer programme should visit the Ulster University Student Guide and view the information on *Transferring Programme*. Students should be aware of the financial implications of transferring programme and should be familiar with the *Tuition Fee Liability Policy* and should make an informed decision that does not impact their student loan.

28. LEAVE OF ABSENCE

- 28.1. Students should apply to take Leave of Absence from their studies where they are unable to participate adequately in their programme for reasons beyond their control, but they expect to be able to return to study within a limited timescale.
- 28.2. Leave of absence is an authorised temporary break from studies. In most cases leave of absence is granted for the period of one year and can be further extended for a maximum period of another year (namely a second consecutive year). No additional period on a leave of absence can be permitted.

29. WITHDRAWAL FROM UNIVERSITY

- 29.1. Where a student withdraws from the University, it is that student's responsibility to inform Student Operations. Students must complete the specified online form and be cognisant of the Tuition Fee Liability Policy.
- 29.2. Students wishing to withdraw should contact their Programme Director in the first instance.
- 29.3. The effective withdrawal date shall be the later of:
- i. the date on which the Student Operations receives formal notification of withdrawal from the student;
 - ii. the last date of attendance.

30. WAIVERS OF REGULATIONS

Where there have been extenuating circumstances affecting a student after admission to the programme which could not reasonably have been foreseen at the time of admission and which operate to the detriment of the student, the Faculty may apply for a waiver of regulations from the Chair of the Academic Standards and Quality Enhancement Committee to:

- a) waive any relevant part of the programme specification on such conditions as it may deem fit to the benefit of the student, or
- b) recommend a waiver of any relevant part of the Regulations for Degrees, Honours Degrees and Integrated Master's Degrees on such conditions as it may deem fit to the benefit of the student.

31. AEGROTAT AWARDS

- 31.1. Where a candidate has been prevented by illness or other sufficient cause from taking or completing the final stage assessment or where their result was in the opinion of the board of examiners affected by illness or other sufficient cause, the Board of Examiners may recommend an Aegrotat award at the appropriate level.
- 31.2. An Aegrotat award shall be recommended only if the Board of Examiners is satisfied that the candidate would have qualified for the award had it not been for illness or other sufficient cause.
- 31.3. In order to reach its decision a Board of Examiners may assess the candidate by whatever means it considers appropriate.
- 31.4. Before an Aegrotat award is recommended a candidate must have signified that they are willing to accept such an award. Where they are not willing to do so, the Board of Examiners shall recommend that they be permitted to complete, take or repeat the assessment in one or more modules by an approved subsequent date.

32. POSTHUMOUS AWARDS

A Board of Examiners can award a posthumous award, which may be classified/graded where the Board of Examiners has sufficient evidence from work already assessed to determine a likely overall result.

33. PUBLICATION OF RESULTS

- 33.1. In the case of those modules with marks, the results achieved in all assessed work, both by module and overall, and at all Levels of study, should be released to individual students in the form of a transcript

detailing their own assessment results in the form of a percentage mark per module.

- 33.2. The University protects personal data in line with our Data Protection obligations. This includes the degree classification of a student which will not be disclosed into the public domain. Any final award, including the degree classification, will only be disclosed with the student's consent.
- 33.3. Students must read and abide by the Ulster University's GDPR policy: [Staff and Student Responsibilities \(ulster.ac.uk\)](#)
