EUROPEAN CONGRESS OF RADIOLOGY  
**ECR2020**  
ONLINE

**JULY 15-19**  
& BEYOND UNTIL DECEMBER 31

# Methodology

Regulated Professions Database (RPD) from European Commission

Titles in RPD: “Radiographer/Radiotherapist” and “Nuclear Medicine Technician”

Data: results of the applications for recognition of qualifications

Period: 2015-2017

>72.8

>11.0

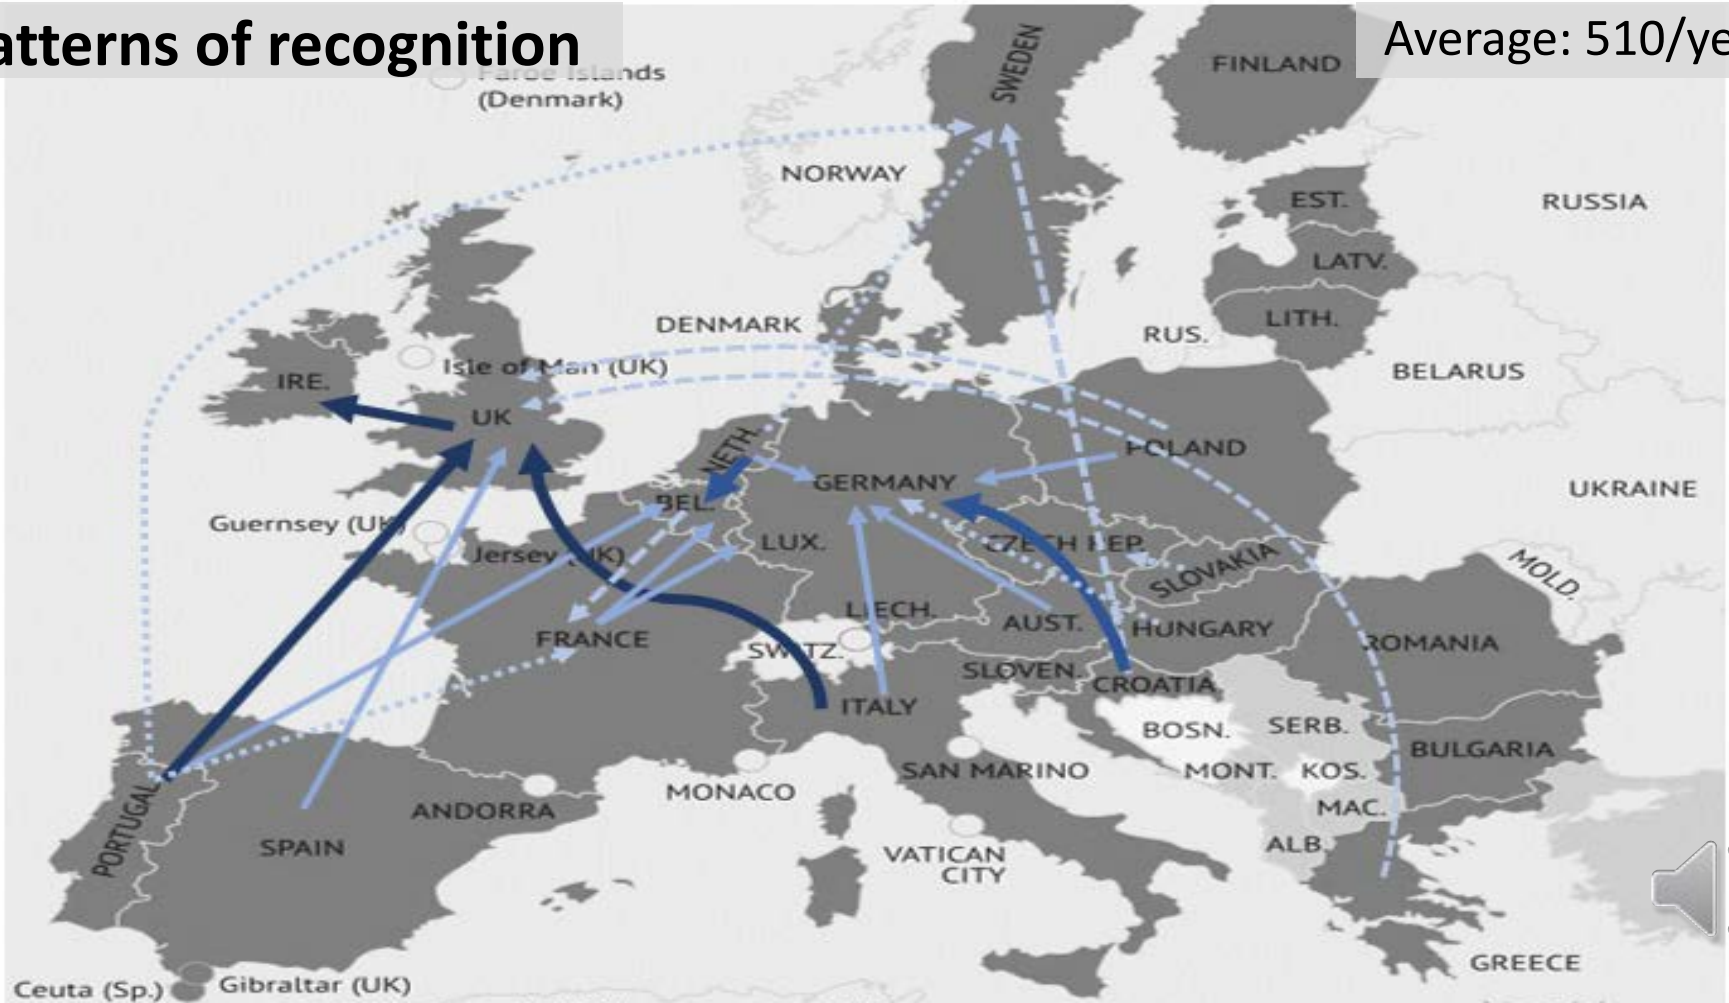

>7.5

>5.1

>4.1

# Patterns of recognition

Average: 510/year

# Patterns of recognition of qualifications

## Major HOST countries:

- UK (203/year)
- Ireland (96/year)
- Germany (67/year)

## Major HOME countries:

- Italy (108/year)
- Portugal (90/year)
- UK (89/year)

# Proportion of recognition following compensation measures (by HOST countries)

- France (94% of radiographers applying to work in France got registration after compensation measures)
- Italy (83%)
- Finland (80%)
- Germany (38%)
- Remaining countries (<33%)

electrophysiology  
(ECG, EEG, etc.)

11% of all recognitions were after compensation measures

# Proportion of recognition following compensation measures (by HOME countries)

- Estonia (86% of Estonian applicants achieved recognition after compensation measure)
- Belgium (61%)
- Bulgaria (50%)
- Hungary (34%)
- Remaining countries (<28%)

**Different course  
programmes across Europe**

11% of all recognitions were after compensation measures

>0.7   >0.6   >0.5

# Rejection patterns

Total: 18/year

# Proportion of negative replies (by HOST country)

- Greece (50% of the applications received by Greece obtained a negative reply)
- Italy (29%)
- The Netherlands (25%)
- Belgium (23%)
- Remaining (<11%)

From Germany  
(EQF4)

Overall: 3% of all applications were rejected

# Proportion of negative replies (by HOME country)

- Romania (14%)
- Germany (13%)
- Czech Republic (11%)
- Bulgaria (10%).
- Remaining (<9%)

Rad is not regulated

EQF4

## Conclusion

Migration occurs across the EU and affects all countries

Patterns: south-outer to north-central Europe and neighbouring countries

Wealth

Language

Differences in education and regulation of profession hinder movement

# Thank you

Jose Guilherme Couto
