

**Policy Title:** Risk Assessment Procedure

**Decision:** Screen out the policy and mitigate the impacts on equality by amending or changing the policy

**Contact:** Head of Health, Safety and Wellbeing

**Date of Completion:** 20 June 2025

## Part 1: Policy Scoping

### Information about the policy

**Name of the Policy**

Risk Assessment Procedure

**Is this an existing, revised, or new policy?**

Revised

**What is it trying to achieve? (For example, intended aims and outcomes)**

The purpose of this procedure is to demonstrate legal compliance with the Management of Health and Safety at Work Regulations (NI) 2000 (MHSAWR) and prevent injury and ill health. The MHSAWR requires a risk assessment to be undertaken to identify the hazards, assess the risk and implement suitable controls to reduce the risk of injury and ill health arising from work-related activities.

**Are there any Section 75 categories which might be expected to benefit from the policy? If so, explain how below.**

No, the procedure applies to everyone regardless of their Section 75 category.

**Who initiated or wrote the policy?**

University Health Safety and Wellbeing Committee.

**Who owns and implements the policy?**

The Chief People Officer owns the procedure. All staff and students are responsible for implementing the procedure.

### Implementation factors

Are there any factors which could contribute to or weaken the intended aim or outcome of the policy?

Yes

If yes, are they financial, legislative or other?

Financial: Potential cost of implementing corrective action, for example protective equipment, adapting machinery, health surveillance

Legislative: Any changes to health and safety legislation

## Main stakeholders affected

Who are the internal and external stakeholders (actual or potential) that the policy will impact upon?

- Staff
- Students
- Other service users (for example: prospective students or conference delegates)
- Other (Contractors)

## Other policies with a bearing on this policy

Policy: People, Place and Partnership - Delivering Sustainable Futures for All Strategy

Policy owner: Vice-Chancellor

Policy: All [Health and Safety related policies](#)

Policy owner: Chief People Officer

Policy: Health, Safety and Wellbeing Policy

Policy owner: Chief People Officer

Policy: Working at Height Procedure

Policy owner: Chief People Officer

Policy: Control of Substances Hazardous to Health Procedure

Policy owner: Chief People Officer

Policy; Display Screen Equipment Procedure

Policy owner: Chief People Officer

Policy: Fieldwork Procedure

Policy owner: Chief People Officer

Policy: Fire and Emergency Procedures

Policy owner: Chief People Officer

Policy: First Aid Provision Procedure

Policy owner: Chief People Officer

Policy: Health and Safety Training Procedure

Policy owner: Chief People Officer

Policy: Manual Handling Procedure

Policy owner: Chief People Officer

Policy: Noise at Work Procedure

Policy owner: Chief People Officer

Policy: Work Equipment Procedure

Policy owner: Chief People Officer

Policy: Health and Safety Supervision and Arrangements for Student Placement Procedure

Policy owner: Chief People Officer

## Available evidence

What evidence or information (both qualitative and quantitative) have you gathered to inform this policy? Please specify details for each of the Section 75 categories below.

### Religious Belief

The University's EO data were reviewed. On 6 February 2023, our staff profile was 51.4% Catholic and 48.6% Protestant. Compared with 6 February 2018, this indicates a 4.1% increase in Catholic staff.

In the Academic Year (AY) 2022/23, 60.2% of our students identified as Christian and 11.0% identified as having 'No religion'. Compared with AY2017/18, 76.1% identified as Christian and 13.5% identified as having 'No religion'.

---

### Political Opinion

The University does not collect information on Political Opinion or make assumptions regarding Political Opinion based on Community Background.

---

### Racial Group

The University's EO data were reviewed. On 6 February 2023, our staff profile was 93.5% White, 6.5% Black and Minority Ethnic (BME). This indicates a 1.8% increase in BME staff compared with 2018.

In AY2022/23, 11.2% of students identified as BME. This indicates a 6.7% increase in BME students compared with AY2017/18.

Our BME profile suggests that we are twice as diverse as the local population. The Northern Ireland Census 2021 suggests that 3.4% of the NI population is BME.

---

### Age

The University's EO data were reviewed. On 6 February 2023, almost one third (32.1%) of our staff were in the '46-55' age band. 25.4% of staff were in the '36-45' age band and 26.7% of staff were aged '56 and above', which represents a 4.4% increase in '56 and above' compared to 2018 (22.3%).

In AY2022/23, the majority of students (65.7%) were aged 21 and under 40. This indicates a 1.4% increase in students within this age band compared with AY2017/18.

---

### **Marital Status**

The University's EO data were reviewed. In February 2023, 57.1% of staff were 'Married or in a Civil Partnership', a decrease of 6.7% compared to 2018 (63.8%).

In AY2022/23, 63.2% of students were 'Single', 15.1% decrease compared with AY2017/18 (78.3%).

---

### **Sexual Orientation**

The University's EO data were reviewed. In 2023, 72.2% of staff were 'Heterosexual'; 3.6% were 'LGBT+' and 24.2% were 'Not Known'.

Although we collect student data on sexual orientation, this is not considered to be reliable.

---

### **Men and Women generally**

The University's EO data were reviewed. In 2023, 57.9% of staff were 'Female'. This indicates a 2.6% increase in female staff compared with 2018.

In AY2022/23, 57.2% of students were 'Female', a 1% increase compared with AY2017/18.

---

### **Disability**

The University's EO data were reviewed. In 2023, 5.6% of staff declared a disability, an increase of 0.5% compared with 2018.

In AY2022/23, 15.5% of students declared a disability, an increase of 5.1% compared with AY2017/18.

Our disability declaration rate is lower than expected, compared with the local population. The NI Census (2021) found that 24% of the NI population stated that their day-to-day activities were limited because of a health problem or disability.

---

**Dependants**

The University's EO data were reviewed. In 2023, 44.1% of staff had dependants. This indicates a decrease of 4.3% compared with 2017.

In AY2022/23, 13.3% of students declared they had dependants, a decrease of 4.4% compared to AY2017/18.

---

## Needs, experience and priorities

Taking into account the information referred to above, what are the different needs, experiences and priorities of each of the following categories, in relation to the particular policy or decision? (Please specify for each of the Section 75 categories below the needs, experiences and priorities)

### Religious Belief

None Identified

---

### Political Opinion

None Identified

---

### Racial Group

None Identified

---

### Age

The policy notes: 'The general risk assessment may indicate the requirement to complete a more specific risk assessment to identify more specific measures to adequately control risks. These include....Young Persons (Under the age of 18)'.

---

### Marital Status

None Identified

---

### Sexual Orientation

None Identified

---

### Men and Women generally

The policy notes: 'The general risk assessment may indicate the requirement to complete a more specific risk assessment to identify more specific measures to adequately control risks. These include....New or Expectant Mothers Risk Assessment'

**Disability**

None Identified

---

**Dependants**

None Identified

---

**Consultation**

Consultation with relevant groups, organisations or individuals about the policy can provide useful information about issues or opportunities which are specifically related to them (that is evidence to inform the policy).

Please indicate whether you carried out or intend to carry out any consultation exercises prior to equality screening?

Yes

The following groups were consulted as part of development of the Risk Assessment Procedure:

- Trade Unions
- Health, Safety and Wellbeing Team
- University Health Safety and Wellbeing Committee
- Senior Leadership Team

## Part 2: Screening questions

### Introduction

The answers to the following screening questions will assist the University in making a decision whether or not there is a need to carry out an equality impact assessment on the policy. The following information is provided to help you to identify and comment on the level of likely impact of the policy in question 1 to 4.

#### Select 'major' impact if:

- a) The policy is significant in terms of its strategic importance;
- b) Potential equality impacts are unknown, because, for example, there are insufficient data upon which to make an assessment or because they are complex, and it would be appropriate to conduct an equality impact assessment in order to better assess them;
- c) Potential equality and/or good relations impacts are likely to be adverse or are likely to be experienced disproportionately by groups of people including those who are marginalised or disadvantaged;
- d) Further assessment offers a valuable way to examine the evidence and develop recommendations in respect of a policy about which there are concerns amongst affected individuals and representative groups, for example in respect of multiple identities;
- e) The policy is likely to be challenged by way of judicial review;
- f) The policy is significant in terms of expenditure.

#### Select 'minor' impact if:

- a) The policy is not unlawfully discriminatory and any residual potential impacts on people are judged to be negligible;
- b) The policy, or certain proposals within it, are potentially unlawfully discriminatory, but this possibility can readily and easily be eliminated by making appropriate changes to the policy or by adopting appropriate mitigating measures;
- c) Any asymmetrical equality impacts caused by the policy are intentional because they are specifically designed to promote equality of opportunities for particular groups of disadvantaged people;

- d) By amending the policy there are better opportunities to better promote equality of opportunity and/or good relations;
- e) Differential impact observed and opportunities exist to better promote equality of opportunity and/or good relations.

**Select 'none' if:**

- a) The policy has no relevance to equality of opportunity or good relations;
- b) The policy is purely technical in nature and will have no bearing in terms of its likely impact on equality of opportunity or good relations.

**Taking into account the evidence presented in Part 1, please complete the screening questions (Question 1 to 4).**

## Screening questions

1. What is the likely impact on equality of opportunity for those affected by this policy, for each of the Section 75 categories?

Details of the likely policy impacts on **Religious Belief**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact

None

---

Details of the likely policy impacts on **Political Opinion**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact

None

---

Details of the likely policy impacts on **Racial Group**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact

None

---

Details of the likely policy impacts on **Age**

This procedure is likely to have a positive impact on equality of opportunity for this category. It sets out that there must be a risk assessment completed for young persons in the workplace

Level of impact

Minor positive

---

Details of the likely policy impacts on **Marital Status**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact  
None

---

Details of the likely policy impacts on **Sexual Orientation**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact  
None

---

Details of the likely policy impacts on **Men and Women generally**

This procedure is likely to have a positive impact on equality of opportunity for this category. It sets out that there must be a risk assessment completed for new and expectant mothers

Level of impact  
Minor positive

---

Details of the likely policy impacts on **Disability**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact  
None

---

Details of the likely policy impacts on **Dependants**

This procedure is unlikely to impact on equality of opportunity for this category as it is technical in nature

Level of impact  
None

- 
2. Are there opportunities to better promote equality of opportunity for people within the Section 75 categories?

**Religious Belief**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Political Opinion**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Racial Group**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Age**

No, this procedure is likely to have a positive impact on equality of opportunity for this category

---

**Marital Status**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Sexual Orientation**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Men and Women generally**

No, this procedure is likely to have a positive impact on equality of opportunity for this category

---

**Disability**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

**Dependants**

No, this procedure is technical in nature and will have no bearing in terms of its likely impact on equality of opportunity

---

3. To what extent is the policy likely to impact on good relations between people of different religious belief, political opinion or racial group?

**Religious Belief**

Details of the likely policy impacts on **Religious Belief**

This procedure is unlikely to impact on good relations between people of different religious belief as it bears no relation to good relations

Level of impact  
None

---

**Political Opinion**

Details of the likely policy impacts on **Political Opinion**

This procedure is unlikely to impact on good relations between people of different political opinion as it bears no relation to good relations

Level of impact  
None

---

**Racial Group**

Details of the likely policy impacts on **Racial Group**

This procedure is unlikely to impact on good relations between people of different racial group as it bears no relation to good relations

Level of impact

None

---

4. Are there opportunities to better promote good relations between people of different religious belief, political opinion or racial group?

**Religious Belief**

No, this procedure is technical in nature and bears no relation to good relations

---

**Political Opinion**

No, this procedure is technical in nature and bears no relation to good relations

---

**Racial Group**

No, this procedure is technical in nature and bears no relation to good relations

---

**Additional considerations****Multiple identity**

5. Generally speaking, people can fall into more than one Section 75 category. Taking this into consideration, are there any potential impacts of the policy or decision on people with multiple identities? (For example, disabled minority ethnic people; disabled women; young Protestant men, and young lesbians, gay and bisexual people).

Yes - where "age" or "men and women generally" intersects with other Section 75 categories, this procedure is likely to positively impact on those people

---

## Disability Duties

6. Does the policy provide an opportunity to encourage disabled people to participate in University life?

No – The procedure is technical in nature

---

7. Does the policy provide an opportunity to promote attitudes towards disabled people?

No – The procedure is technical in nature

---

## Part 3: Screening decision

Based on the evidence considered and outlined in Part 1 and the responses to the screening questions (Part 2), please indicate the screening decision for this policy.

**Note:** The University should take particular care not to screen out policies that have a procurement aspect if there is potential to promote equality of opportunity through the procurement of services.

- ☐ **Screen in** the policy (that is, subject to an Equality Impact Assessment). The likely impact is **major** in respect of one, or more of the equality of opportunity or good relations categories.
- ☐ **Screen out** the policy without mitigation or an alternative policy proposed to be adopted (that is, **no** Equality Impact Assessment). The likely impact is **none** in respect of all of equality of opportunity or good relations categories.
- ☒ **Screen out** the policy and **mitigate the impacts on equality** by **amending or changing the policy**, or by **developing an alternative policy or action** (that is, **no** Equality Impact Assessment). The likely impact is **minor** in respect of one or more of the equality of opportunity or good relations categories.

---

If the decision is to subject the policy to an equality impact assessment (that is, 'screen in' the policy), please provide details of the reasons.

Not applicable

---

If the decision is not to conduct an equality impact assessment (that is, 'screen out' the policy), please provide details for the reasons.

Not applicable

---

If the decision is not to conduct an equality impact assessment (that is, 'screen out' the policy), and mitigate the impacts on equality of opportunity by amending or changing the policy, or by developing an alternative policy or action, please provide reasons to support your decision, together with the proposed changes, amendments or alternative policy.

The likely impact is **minor** in respect of one or more of the equality of opportunity or good relations categories. However, this impact is likely to be positive.

The purpose of this procedure is to demonstrate legal compliance with the Management of Health and Safety at Work Regulations (NI) 2000 (MHSAWR) and prevent injury and/ or ill health. The MHSAWR requires a risk assessment to be undertaken to identify the hazards, assess the risk and implement suitable controls to reduce the risk of injury and/or ill health arising from work related activities.

In line with University policy the procedure will be reviewed 2 years after it has been implemented and if necessary amended.

---

## Timetabling and prioritising

If the policy had been '**screened in**' for an equality impact assessment, then please answer the following questions to determine its priority for timetabling the equality impact assessment.

On a scale of 1 to 3, with 1 being the lowest priority and 3 being the highest, assess the policy in terms of its priority for equality impact assessment.

### **Priority rating for timetabling the equality impact assessment in terms of effect on equality of opportunity and good relations:**

Not applicable

### **Priority rating for timetabling the equality impact assessment in terms of social need**

Not applicable

### **Priority rating for timetabling the equality impact assessment in terms of effect on people's daily lives**

Not applicable

### **Priority rating for timetabling the equality impact assessment in terms of relevance to the University's functions**

Not applicable

**Note:** The Total Rating Score will be used to prioritise the policy in rank order with other policies screened in for equality impact assessment. This list of priorities will assist the University in timetabling. Details of the University's Equality Impact Assessment Timetable will be included in its quarterly Screening Reports.

Is the policy affected by timetables established by other relevant public authorities?

No

## Approval and authorisation

Screened by: 

Position or Job Title: Head of Health, Safety and Wellbeing

Date screened: 04/09/24

Approved by:

Position or Job Title: Chief People Officer

Date approved: 20/06/2025

## Review

This policy is due for review (in terms of its impact on equality of opportunity and good relations) by the policy owner on: 20 June 2027
