Hello from Ulster University

We are delighted to offer an exceptional opportunity to Palestinian women to study at Ulster University through the support of The Salam Scholarships. Ulster University is extraordinary. We are a university that spans a region of great potential and great passion.

At Ulster University, our students are at the heart of everything we do, and we want to give them the most rewarding student experience possible. We are committed to the delivery of campus-based education. Learning, teaching, and research are social activities where people come together to create and share knowledge through collaboration and partnership. The aspirations of our vibrant student community are met across our four sites, each offering a student experience unique to its location and subject areas.

We are recognised for our outstanding impact on student outcomes due to the excellence of our committed teaching community; delivering a learning experience that develops skills, raises ambitions, and prepares future leaders. We enjoy a national and international reputation for excellence in teaching and research while simultaneously playing a leading role in the enrichment of the social, economic, and cultural life of Northern Ireland and beyond.

We believe in equality; we celebrate diversity, and we foster inclusion. Through our critical role in fulfilling our global civic commitment and transforming lives, we are delivering Sustainable Futures for All. Northern Ireland is renowned for

its friendliness and warm welcome. We are proud to welcome international students from over 70 countries to Ulster University. Our vibrant cities, unspoilt countryside, efficient public transport and minimal congestion ensure a fantastic quality of life. We recognise that relocating and, in many instances, living away from family and friends for the first time can be a daunting experience – it is also an exciting one. Our Global Engagement team is dedicated to ensuring your transition from home to studying with us is as smooth as possible.

This brochure offers you an overview of The Salam Scholarships and life as a student at Ulster University. Whatever your aspirations, we want to give you the education experience to help you achieve them. We want you to enjoy everything that Ulster University has to offer, and we look forward to welcoming you.

With best wishes,

Professor Cathy Gormley-Heenan,
Ulster University Provost

Life on campus

Campuses you'll love

We are one University with three distinct campuses across Northern Ireland in Belfast, Coleraine, and Derry~Londonderry as well as our Sports Village, Jordanstown. While each campus differs in size and has its own distinctive atmosphere, you can be sure that wherever you choose to study, you will have a fantastic student experience.

Getting to Northern Ireland

With direct flights from over 40 destinations, and the international hubs of London and Dublin close by, Northern Ireland is easy to reach from anywhere in the world. Fast ferries running multiple times each day from the ports of Belfast and Larne will get you to Scotland and England, and Wales can be reached from Dublin.

Campuses at the heart of your university experience

We are committed to delivering campus-based education through the creation and nurturing of vibrant campus spaces and communities. Alongside our significant investment in learning spaces and technologies, we are creating the social spaces to foster life-long friendships and communities. Whilst each of our three campuses have their own unique features, they are all guided by our commitment to unlock potential.

Our campuses are designed to:

- Deliver active learning experiences which mirror real-world industry facilities and technologies
- Promote peer-to-peer collaboration
- Support the learning styles of all, from quiet spaces to bustling studios
- Build learning communities that work alongside, and are inspired by, our research communities
- Provide access to digital equipment to support your studies, including laptops
- Create thriving, welcoming, and accessible social spaces, and environments
- Provide access to teaching and learning spaces for all

One university, three campuses, open to all

Together, Derry~Londonderry, Coleraine and Belfast unite to deliver the Ulster University student experience. Each campus informs and inspires the learning and social experiences of its sister campuses. The most innovative features of our Derry~Londonderry and Coleraine campuses have inspired our Belfast teaching experience, which will in turn inspire future advances at both Derry~Londonderry and Coleraine.

The best bit, our campuses are open to all our students regardless of their home campus.

Derry~Londonderry

This campus has been helping individuals to reach their full potential since 1865. From its foundation, Derry~Londonderry has championed the arts, culture, and society. Building on its spirit of creativity and helping others, our campus is also a high-tech hub for health and innovation. The diverse range of courses here include business, law, nursing, sport, music, drama, education, computing, and engineering.

Coleraine

Our jewel on the north coast, our Coleraine campus combines the natural environment with world-leading teaching and research facilities- both in and out of doors. This campus is the epitome of active learning with clinics open to the public, a fully operational BBC newsroom, and the ultimate outdoor classroom, the research vessel Laconia. Courses at our Coleraine campus focus on health, the environment, hospitality, and communication.

Belfast

Our largest campus is situated in the artistic and cultural centre of the city, the Cathedral Quarter. Incorporating the best of Derry~Londonderry and Coleraine, Belfast is a creative, innovative, and vibrant environment which has been designed as a 'campus community within a building'. The campus accommodates 15,000 students and staff who benefit from purpose-built active learning and research spaces, alongside social destinations.

Destination Ulster

There are so many great reasons to study in Northern Ireland

A home from home

Northern Ireland is famed for being a friendly and affordable place to study, so whether you are coming to Northern Ireland for the first time, or have lived here all your life, you can be sure you'll enjoy one of the best student lifestyles in the world.

Wallet friendly

Northern Ireland has one of the lowest student cost of living among UK regions (The National Student Money Survey 2021, [savethestudent.org](https://www.savethestudent.org)). Students studying in Northern Ireland enjoy low rents and affordable living expenses including inexpensive nights out.

The great outdoors

You're never far away from an amazing experience in the great outdoors. From sea to mountain, there are lots of opportunities for surfing, canoeing, cycling, and hiking in some of the most beautiful countryside you will ever see.

Arts and culture

Northern Ireland is as culturally rich as it is beautiful. We boast lots of free museums, festivals, music, and art, so you'll never be short of something to see and do.

Great food

From local delicacies to international cuisine, every taste is catered for. Experience our local markets to taste food directly from our local farms and harbours or join the queue for the latest it-food.

Fantastic nightlife

Live music, affordable clubbing, a vibrant LGBTQ+ scene and friendly community make Northern Ireland a great place to enjoy a memorable night out and have 'great craic'.

Connected

Northern Ireland is easy to get to, and easy to get around. The two main cities of Belfast and Derry~Londonderry are connected by road and rail, and there are plenty of ways to visit other areas of the country, Great Britain, and Europe.

Parent and family friendly

There's plenty to do when your family comes to stay. Visit filming locations for popular TV shows like Game of Thrones, Line of Duty or Derry Girls, go to the Giant's Causeway World Heritage Site, stand in the spot where the Titanic was built, or relax and catch up over a leisurely meal.

Support for international students

Ulster welcomes international students from over 70 countries across the globe. Our dedicated web pages for international students explain everything you need to know about applying and studying at Ulster and living in Northern Ireland.

During my experience at Ulster University, I appreciated the rich cultural diversity within the university and found living in Northern Ireland to be fascinating, as it allowed me to reflect and connect with my own background. The university environment was supportive, and I would wholeheartedly recommend it to other Palestinian women. Northern Ireland offered a sense of safety, stunning natural landscapes, and welcoming people.

Counselling Studies and
Therapeutic Communication,
2020

We're here to help

Our office for Global Engagement will support you through the application process and throughout your time at Ulster University.

Help during your application and before you arrive

As you work through your application, we are here to help answer your questions on:

- Academic entry requirements and equivalence English language requirements including acceptable tests
- We also hold regular webinars on applying to UU

Once you have accepted your offer from Ulster, we are here to help you plan your arrival.

- Accommodation and where to live
- Pre-arrival information including how to get here

Free and confidential immigration advice

Our Compliance Team is here to help with visa and immigration requirements before and during your studies with us.

- Student visa
- Extending your visa

ulster.ac.uk/global/visas-immigration

Welcome Week

When you first arrive in the UK, you may be unfamiliar with aspects of life and study in the country. The aim of Welcome Week is to provide you with this information, as well as the opportunity to meet other new international students. More information will be available online closer to the event.

We're here to help you settle into university life and living in Northern Ireland.

- Pick-up service from local airports
- Information sessions
- Meet the academic teams and support staff
- Social events

ulster.ac.uk/global/pre-arrival

Visit our international web pages for details on:

- Dates when Ulster staff may be visiting your country
- Advice on visa and immigration matters, working in the UK and other key issues
- Accommodation
- English language support
- Fees and finance

Come and meet us in your country!

We regularly attend fairs and events world-wide and hold WhatsApp events where you can ask questions.

The Salam Scholarships – Overview

The Salam Scholarships have been established to support Palestinian women to study at Ulster University.

They aim to provide opportunities for Palestinian women with ability and potential, but limited opportunity, to access Ulster University courses.

The programme will provide students and young professionals with educational and training opportunities that will help their career development, enabling them to achieve impact in their chosen fields.

For the academic year 2024/25, they will support four women starting their course in September 2024.

The scholarships will support

- 1 x Undergraduate student
- 1 x Master's student
- 2 x PhD

NB For the academic years 2025/26, 2026/27, 2027/28, 2028/29, they will support five women starting their course in September 2025.

The scholarships will support

- 1 x Undergraduate student
- 1 x MBBS student (graduate entry medicine)
- 1 x Master's student
- 2 x PhD

The scholarships will cover

- Full tuition fees
- Full costs of accommodation
- One return flight home for each year of study
- A stipend to cover living costs (an example stipend for 2024/25 students might be approximately £2,500 per annum)

Eligibility

In order to apply applicants must:

- Be a female Palestinian currently resident in the occupied Palestinian territory, holding a Palestinian or Jerusalem ID. Priority will be given to residents in the West Bank, Gaza or one of the Palestinian Refugee Camps;
- Be able to provide certified proof of Occupied Palestinian Territories residency;
- Have applied to Ulster University for your chosen course;
- Have an international fee status classification;
- Be in financial need and unable to study abroad through the finances of your immediate family. Indicators include:
 - Families of students registered for support with the Ministry of Social Affairs;
 - Students from families with one breadwinner because the other breadwinner doesn't work, is sick (chronic disease), or deceased.
- Be applying to Ulster University to commence a new qualification and not be seeking funding for a course you have already commenced, or which will begin before scholarship awards have been notified;
- Have not already studied at a university outside the West Bank, Gaza, Israel or Lebanon;
- Not already hold a qualification at the level of course, or higher, to which you are applying at Ulster University e.g. if applying for an Undergraduate degree, you must not already have completed at a degree at the Undergraduate level;
- Be able to take up the scholarship in the academic year 2024/25.

English Language requirements

UK Visas and Immigration (UKVI) requires that every student from outside the UK must show evidence of a minimum level of English language in order to be granted a UK Student Visa to study at Undergraduate or Postgraduate level unless the student is exempt.

Most of our courses require a minimum English level of IELTS 6.0 (Academic) or equivalent, with no band score under 5.5.

- Trinity ISE: Pass at level III (with a pass in each component) also meets this requirement.
- Password test is valid for one year and must be valid on the first day on semester of the course.
- We accept a wide range of alternative English language examinations and tests so please check the list of other accepted tests.
- Some of our courses ask for a higher score. It is therefore important to look at individual course requirements.
- All English language examinations must have been taken in the last two years (September 2022 or later).
- If you do not meet the English language requirement we may give you a conditional offer subject to you meeting the requirement before the commencement of the course.

Other requirements

- Satisfy UK immigration requirements;
- Demonstrate leadership potential in their chosen field or sector;
- Provide an explanation of how their studies will enable them to contribute to civic society;
- Are able to live in the UK for the duration of your course.

The primary determinants for obtaining these scholarships is based on three conditions:

- Students must meet the academic and English language entry requirements for their chosen course;
- Students must be able to demonstrate a need for financial aid to study at Ulster University;
- Students must be able to demonstrate how their course of study will benefit their future and society.

Your course choice

There are no restrictions on academic subjects but candidates must demonstrate that their subject will enable them to contribute to societal development.

You should ensure you hold the specified qualifications and academic grades required for the academic courses you intend applying for. It is your responsibility to ensure that your academic qualifications are of sufficient standard for your chosen course.

Please choose your course carefully. You will not normally be permitted to revise your choice after submission, unless a programme does not run. Applicants are therefore advised to thoroughly research their course choice. The relevance of the course to an applicant's career development and to societal development will form part of the assessment criteria.

Courses must begin no earlier than September 2024.

How to apply

for an Undergraduate course

1.

Apply to your chosen course at Ulster University

ulster.ac.uk/courses

2.

Once you have received an application reference number from Ulster University, you can now apply for **The Salam Scholarships**

ulster.ac.uk/scholarships/the-salam-scholarships

3.

If shortlisted for **The Salam Scholarships**, you will be asked to provide the evidence required

e.g. official copy of your educational qualifications, English Language Proficiency score report, copy of national ID card/passport, evidence of an offer from Ulster University etc.

4.

If all requested evidence is acceptable, you will then be invited to attend an online interview

If successful and selected for a Salam Scholarship, we will contact your nominated referees

5.

Ulster University will help you with your plans to move to Northern Ireland

e.g. travel, visas, accommodation

Key dates

For direct applications to Ulster University, please check the application deadline for specific Undergraduate courses

For those who have applied to Ulster University for their chosen Undergraduate course:

12 May 2024 – Deadline for applications to The Salam Scholarships

Mid-June 2024 – Final decisions on The Salam Scholarships

Please note: Choose 'Self Funded PhD' option

Key dates

Once you receive an application reference number from Ulster University for your PhD, the same process as for a Master's/Undergraduate course should be followed to apply for The Salam Scholarships:

12 May 2024 – Deadline for applications to The Salam Scholarships

Mid-June 2024 – Final decisions on The Salam Scholarships

How to apply

for the MBBS (2025/26 only – not available for 2024/25)

Please note the MBBS is a Graduate Entry Medical degree – this means candidates are required to have graduated with an Undergraduate degree. In order to be eligible to apply for the MBBS, all candidates are required to undertake the GAMSAT. For further information on the GAMSAT, visit <https://gamsat.acer.org>

To be eligible to apply for the MBBS 2025/26 entry, candidates will need to undertake the GAMSAT in September 2024.

1.

Ensure you meet the entry requirements for the MBBS

2.

Register for GAMSAT

Application deadline
4 July 2024
(10pm AEST, 1pm BST)

3.

Apply to the MBBS

MBBS 2025/26 application deadline, 15 October 2024.
Apply via ucas.com

4.

Secure the GAMSAT

5.

Once you have received an offer from Ulster University, you can now apply for The Salam Scholarships 2025/26

ulster.ac.uk/scholarships/the-salam-scholarships

6.

If shortlisted for The Salam Scholarships, you will be asked to provide the evidence required

e.g. official copy of your educational qualifications, English Language Proficiency score report, copy of national ID card/passport

7.

If all requested evidence is acceptable, you will then be invited to attend an online interview

If successful and selected for a Salam Scholarship, we will contact your nominated referees

8.

Ulster University will help you with your plans to move to Northern Ireland

e.g. travel, visas, accommodation

Key dates

July 2024 – Register for the GAMSAT

September 2024 – Undertake GAMSAT

15 October 2024 – Deadline for applications to the MBBS

For those in receipt of an offer for the MBBS:

April 2025 – Deadline for applications to The Salam Scholarships

May 2025 – Final decisions on The Salam Scholarships

Disclaimer

1. The University endeavours to deliver courses and programmes of study in accordance with the description set out in this prospectus. The University's prospectus is produced at the earliest possible date in order to provide maximum assistance to individuals considering applying for a course of study offered by the University. The University makes every effort to ensure that the information contained in the prospectus is accurate, but it is possible that some changes will occur between the date of printing and the start of the academic year to which it relates. **Please note that the University's website is the most up-to-date source of information regarding courses, campuses and facilities and we strongly recommend that you always visit the website before making any commitments.**
2. Although the University at all times endeavours to provide the programmes and services described, the University cannot guarantee the provision of any course or facility and the University may make variations to the contents or methods of delivery of courses, discontinue, merge or combine courses, change the campus at which they are provided and introduce new courses if such action is considered necessary by the University (acting reasonably). Not all such circumstances are entirely foreseeable but changes may be required if matters such as the following arise: industrial action interferes with the University's ability to teach the course as planned, lack of demand makes a course economically unviable for the University, departure of key staff renders the University unable to deliver the course, changes in legislation or government policy including changes, if any, resulting from the UK departing the European Union, withdrawal or reduction of funding specifically provided for the course or other unforeseeable circumstances beyond the University's reasonable control.
3. If the University discontinues any courses, it will use its best endeavours to provide a suitable alternative course. In addition, courses may change during the course of study and in such circumstances the University will normally undertake a consultation process prior to any such changes being introduced and seek to ensure that no student is unreasonably prejudiced as a consequence of any such change.
4. Providing the University has complied with the requirements of all applicable consumer protection laws, the University does not accept responsibility for the consequences of any modification, relocation or cancellation of any course, or part of a course, offered by the University. The University will give due and proper consideration to the effects thereof on individual students and take the steps necessary to minimise the impact of such effects on those affected.
5. The University is not liable for disruption to its provision of educational or other services caused by circumstances beyond its reasonable control providing it takes all reasonable steps to minimise the resultant disruption to such services.
