

Welcome to Ulster University

Schools Outreach Academy

The Schools Outreach Academy is specifically designed for school pupils aged 8-18.

Through the Schools Outreach Academy, we aim to introduce young people to a range of University subjects and topics through bite-size chunks of learning.

Our courses on this platform vary in size, intensity and subject matter, but all aim to engage the learner in a positive way, in the hope that you may wish to consider study at Ulster University. All our courses are **FREE** of charge and you will be directly linked to academics and staff from Ulster University throughout your learning. Our courses are hosted on a Learning Management System called Canvas.
