Connecting to the wireless “Guest” network (new user)

To access Ulster University “Guest” wireless network you will require an Ulster University sponsor, i.e. someone who has a current active Ulster University e-mail address, and has agreed to grant you access rights to the network.

**Step 1:**
Click on the wireless icon to reveal networks and click on “Guest”.

<table>
<thead>
<tr>
<th>Select wireless on pc</th>
<th>Select wireless on Mac</th>
</tr>
</thead>
<tbody>
<tr>
<td><img src="image" alt="Select wireless on pc" /></td>
<td><img src="image" alt="Select wireless on Mac" /></td>
</tr>
</tbody>
</table>

**Step 2:**
Select “Create Account”.

![Select wireless on pc](image)
Step 3:

Enter the information requested on the form. Your “sponsor’s email” must be an Ulster University email address. The email address you provide will become your guest account username. When all fields have been completed click the accept terms of use box, and then click the register button.

At this point your sponsor will receive an e-mail asking them to confirm your account creation. The Account status below will change from disabled to enabled once the sponsor has confirmed creation.  
NB: The screen will refresh every 30 seconds automatically.
Step 4:
Note your Account username, (the personal e-mail address you entered) and your password. These will be required each time to attach to the Guest network.
